CS 3010: Android Development
Assignment: CriminalIntent

Requirements

Part One

• Use Fragments to create a foundation for the CriminalIntent application, as described in Chapter 7.

Part Two

• Continue implementing the user interface for the CriminalIntent application, as described in Chapter 8.

Part Three

• Continue the CriminalIntent application by adding a list of crimes that connects each crime to its details, as described in Chapters 9 and 10.

Resources

• Refer to the Android developer documentation as needed when completing your assignment.

Submission

• Show your completed assignment to the instructor during class or office hours to receive credit.
