CS 3010: Android Development
Assignment: CriminalIntent

Requirements

Part One
- Use Fragments to create a foundation for the CriminalIntent application, as described in Chapter 7.

Part Two
- Continue implementing the user interface for the CriminalIntent application, as described in Chapter 8.

Part Three
- Continue the CriminalIntent application by adding a list of crimes that connects each crime to its details, as described in Chapters 9 and 10.

Resources
- Refer to the Android developer documentation as needed when completing your assignment.

Submission
- Show your completed assignment to the instructor during class or office hours to receive credit.
