CS 3010: Android Development

Assignment: CriminalIntent

Requirements

Part One

- Use Fragments to create a foundation for the CriminalIntent application, as described in Chapter 7.

Part Two

- Continue implementing the user interface for the CriminalIntent application, as described in Chapter 8.

Part Three

- Continue the CriminalIntent application by adding a list of crimes that connects each crime to its details, as described in Chapters 9 and 10.

Resources

- Refer to the Android developer documentation as needed when completing your assignment.

Submission

- Show your completed assignment to the instructor during class or office hours to receive credit.
