**CS 3010: Android Development**

**Assignment: CriminalIntent**

**Requirements**

**Part One**

- Use Fragments to create a foundation for the CriminalIntent application, as described in Chapter 7.

**Part Two**

- Continue implementing the user interface for the CriminalIntent application, as described in Chapter 8.

**Part Three**

- Continue the CriminalIntent application by adding a list of crimes that connects each crime to its details, as described in Chapters 9 and 10.

**Resources**

- Refer to the Android developer documentation as needed when completing your assignment.

**Submission**

- Show your completed assignment to the instructor during class or office hours to receive credit.
