**CS 3010: Android Development**

**Assignment: Databases**

**Requirements**

- Update the CriminalIntent application to persist data using an SQLite database, as described in Chapter 14.
- Allow records to be read from the database, as well as inserted and updated into the database.
- You are not required to support deleting records from the database, but it is encouraged.

**Resources**

- Refer to the [Android developer documentation](https://developer.android.com) as needed when completing your assignment.

**Submission**

1. Show your completed assignment to the instructor during class or office hours to receive credit.
2. Submit your project using Git and GitHub. Start by creating a repo for this assignment [here](https://github.com).
