Requirements

Part One

- Create a simple Android application, called GeoQuiz, as described in Chapter 1.

Part Two

- Continue adding functionality to the GeoQuiz application, as described in Chapter 2.
- Also complete the Challenge: Add a Previous Button at the end of Chapter 2.

Part Three

- Finish adding functionality to the GeoQuiz application, as described in Chapter 5.

Resources

- Refer to the Android developer documentation as needed when completing your assignment.

Submission

1. Show your completed assignment to the instructor during class or office hours to receive credit.
2. Submit your project using Git and GitHub. Start by creating a repo for this assignment here.
