(and paper airplane throwing contest!)

**Tuesday, September 15**

**At Noon**

All CIT students invited! Come for food and fun!
**Intro to Arduino Workshop**

Saturday, September 12, 11pm - 3pm

An Arduino is an open source micro-controller that can be used for all sorts of cool interactive projects: www.arduino.cc/ Learn how to control lights and motors, sense sound and light. No prior experience necessary. This workshop is open to any area high school student, Dixie State University students, and faculty and staff, but it's just for us girls!

There is no cost to attend these events, and we will be providing lunch. Space is limited so RSVP early. If you are interested in attending, email ramsay@dixie.edu.

**DIY Gamer Workshop**

Saturday, November 14 & 21, 11pm - 3pm

Build your own DIY Gamer. Learn how to build a simple Arduino powered gamer. www.techwill-saveus.com/shop/diy-kits/diy-gamer-kit-arduino/ You will start with several bits o' electronic parts and solder them together into a working electronic device. Then we will learn how to program them to create your own games and animations. And you keep what you made!
